Subject: Thank you!!!!

Dear Diane,

As I was going through the mail received at the art center while we were closed, I found your amazing, generous donation. I can't begin to describe what that means to us. As you can well imagine, this has been an incredibly difficult time for us, and while support has poured out to restaurants and other businesses to keep them afloat, apparently the art center was not a priority. Your gift made me cry.

Again thank you, and we're all looking forward to better times together.

With deep gratitude,

Lu
